[COMMENT ON STATE OF THE UNION] #SOTUSilence I heard nothing about the chemical spill in WV that ruined water for hundreds of thousands

[COMMENT ON STATE OF THE UNION] So Obama doesn't mention #wvchemleak? Fine. But @Sen JoeManchin on MSNBC right now not mentioning it? NOT FINE.

Water issue is all about trust. Bring in an independent company that will test water in homes, not hydrants. No local trust = no visitors.

State official says interagency teams will start testing specifically at schools today. Approx 130 schools in affected region
